

CARS TO RUN FASTER

New System on Washington and Alexandria Trolley.

SERVICE TO BE IMPROVED

Court Orders Verdict in Favor of William C. Bates Company in Suit Brought by Bank-Two Corporations Elect Their Officers—William Nicholson Dies at Staunton, Va.

WASHINGTON HERALD BUREAU, (Bell Telephone 113.)

Alexandria, Va., Jan. 15.—A system which insures a uniform distribution of power and provides for an increase in the speed of trains was put into effect this evening by the Washington, Alexandria and Mount Vernon Railway Company, when the machinery of a powerful "rotary converter" was set in motion in a building adjoining the office of the company on Royal street. The new equipment, it is stated, marks a decided improvement in the transportation facilities on the entire line, including not only the road between Washington and Mount Vernon, but also the branch to Arlington and Rosslyn. Under the operation of the system the power house at New Alexandria, which has heretofore been depended upon to supply currents for the trains running on the line between here and Mount Vernon, will be abandoned. All of the electricity used on the road will henceforth be generated at the central power house at Four Mile Run.

The new plant will allow a considerable increase in speed and will be employed, it is stated, to materially reduce the time of the trains, especially between here and Washington. In addition it is expected to result in an easier and, in general, a much more satisfactory running of the cars.

In the case of the Alexandria National Bank against the Willis C. Bates Company, of Boston, in which the plaintiff sought to recover the sum of \$2,752, on motion of Attorney Samuel G. Brent, Judge Waddill, of the United States Court, instructed the jury to return a verdict in favor of the defendant company, which was done.

The following officers were elected for the ensuing year at the annual meeting of the Dulain & Martin Company held today at 128 South Fairfax street: William S. Martin, president, and T. C. Dull, secretary and treasurer. These, with Thomas J. Martin, Joseph J. Lewis, and L. C. Shattuck, were elected directors.

At the annual meeting of the stockholders of the Abner-Drury Brewing Company, held in this city today, the following directors were elected: Edward F. Abner, P. A. Drury, William S. Knox, Joseph H. Cranford, and Charles W. Darr. Edward F. Abner was elected president and secretary, and P. A. Drury vice president and treasurer.

A verdict for the defendant company was rendered today by a jury in the Alexandria City Circuit Court in the case of Miss Mary McKenney against the Washington and Potomac Steamboat Company. The plaintiff sought to recover \$1,000 damages, alleging that while a passenger on one of the steamers of the company last summer she was conveyed to Washington when her ticket was to Alexandria, where she desired to land. She was represented by Attorneys Oliver and Brumback, while Attorneys James R. and H. B. Caton appeared for the steamboat company.

William Nicholson, a former resident of this city, died today in Staunton, Va. His remains will be brought to Alexandria for interment.

WANTS TREASURER REMOVED.

Grand Jury Recommends Removal for Numerous Causes.

Lynchburg, Va., Jan. 15.—The grand jury in the Campbell Circuit Court today recommended that John W. Clay, county treasurer, be removed from office because he failed to pay proper regard to the law as to making reports; because he did not give notice as to times and places fixed for collection of taxes; because he has not used due diligence in collecting taxes, and because he does not keep his office at the county courthouse, but in a remote section of the county. Judge Barksdale has taken no action on the report.

The jury will meet again to-morrow, when it is expected it will give a large number of citizens an opportunity to amend their returns for taxation on income. State Senator A. F. Thomas is foreman of the grand jury.

FLICKINGER DENIED BAIL.

Accused of Murdering Man and Then Serving as Bailbearer.

Special to The Washington Herald. Cumberland, Md., Jan. 15.—John Flickinger, charged with the murder of Wesley Emerick, at Boynton, near Haverdale, will remain in jail, the court having refused to permit his release after habeas corpus proceedings.

Testimony developed that he acted as bailbearer for the man he is charged with murdering. Mrs. Emerick testified that her husband and Flickinger, a former boarder, had gone once hunting, and that Flickinger afterward admitted to her that he had shot and killed her husband on the mountains. She says she feared Flickinger and did not tell what he had revealed to her.

Liquor Case Appealed.

Special to The Washington Herald.

Richmond, Va., Jan. 15.—The Supreme Court of Virginia this morning allowed an appeal in the case of the Columbia Amusement Company against the Pine Beach Investment Company. The question involved the selling of intoxicating liquor. In the case of the Commonwealth against Will Cates, who came up from the Circuit Court of Norfolk, the appeal of Cates was refused. Will Cates is charged with the theft of \$500, stolen in connection with the operation of a gambling device in a public hall in Norfolk. Cates was sentenced to serve four years in the State penitentiary.

Virginia Poultry Show Opens.

Special to The Washington Herald.

Richmond, Va., Jan. 15.—The annual show of the Virginia Poultry Association will begin in this city next week, and will run until the end of the week. Already over two hundred entries have been made.

George English, Aged Eighty, Dead.

Special to The Washington Herald.

Fredericksburg, Va., Jan. 15.—George English, aged eighty, died today at his home near Stafford Court House, from the effects of a stroke of paralysis which he suffered some time ago. He served in the Confederate army during the whole war. Three sons survive him.

C. & O. RUMOR UNVERIFIED.

President Informed of \$10,000,000 Stock Issue.

Special to The Washington Herald. Richmond, Va., Jan. 15.—The rumor of issue of \$10,000,000 new securities by the Chesapeake and Ohio Railroad Company continues to tantalize Wall street, through a seeming impossibility of the New York brokers to obtain verification of the report. When approached on the subject at his office this morning, President Stevens said: "Should a \$10,000,000 issue of new bonds or securities have been made by the Chesapeake and Ohio Railroad, the finance committee acted without the knowledge of the president. This office is in receipt of no such intelligence. I cannot confirm the rumor."

Prominent Brokers of this city said today that the rumored \$10,000,000 issue of securities was not unknown to them, but in what form, or at what time, the proposed issue would take place was a matter of most absorbing interest.

SITE SELECTION POSTPONED.

Matter of Considerable Importance to Winchester (Va.) Merchants.

Special to The Washington Herald. Winchester, Va., Jan. 15.—Final action in selection of a site for the United States government building in this city, which was to have been taken to-morrow, has been postponed until January 20, information to this effect being received today by Postmaster Kern from J. H. Edmonds, Acting Secretary of the Treasury.

The selection of the site for the building is a matter of considerable concern to Winchester's business men, and every effort is being made to secure a central location.

ASLEEP A YEAR; MAY WAKE

Physicians Operate on Newport News Young Man.

Believe Somnolence Was Caused by Injury to Skull, and Pieces Are Cut Out.

Special to The Washington Herald. Newport News, Jan. 15.—J. S. Cross, the young man who has been sleeping for the past year, was operated upon yesterday at the Newport News General Hospital by Dr. William Hoskins, assisted by Drs. Gary and Williams. The physicians found a pressure on the brain, diseased bone and a cyst, containing fluid. The pressure was relieved, the bone removed, and the cyst drained, and it is expected that the young man will recover and regain his normal condition.

Cross was injured about two years ago by being struck on the head, and for more than the past year has remained in a comatose state. He slept all the time except when forcibly awakened, and took no nourishment whatever except when it was forced upon him by awakening him and keeping him awake until the food was taken. As a consequence, his form has become emaciated, but otherwise he is apparently healthy, except for his constant desire to sleep.

D. P. HOLLINGSWORTH DEAD.

Was the Pioneer Creamery Man of Harford County, Md.

Special to The Washington Herald. Belair, Md., Jan. 15.—Daniel P. Hollingsworth died yesterday afternoon at his home, at Fallston, after a long illness. He had the reputation of being the pioneer creamery man of the county, and shipped quite much milk and butter to Baltimore.

He is survived by a wife, who was Miss Catherine Willen, of Baltimore, and two adopted children—Miss Mary and Charles H. Hollingsworth.

A sister, Miss Rebecca Hollingsworth, of Baltimore, also survives. Hollingsworth was a member of the Society of Friends.

MARYLAND APPEALS COURT.

Arguments and Decisions Handed Down at Annapolis Yesterday.

Annapolis, Md., Jan. 15.—The proceedings of the Court of Appeals to-day were as follows:

No. 1. *Judith F. Johnson and Mabel Johnson, et al., vs. John F. Johnson, et al.* Appeal from the Circuit Court for the County of Prince Georges. The plaintiff, Judith F. Johnson, and her mother and next friend, appealed from the Circuit Court for the County of Prince Georges. The defendant, John F. Johnson, and his next friend, appealed from the Circuit Court for the County of Prince Georges. The case was argued by John F. Johnson, and his next friend, and by Judith F. Johnson, and her mother and next friend. The court decided in favor of the plaintiff.

FOR BALTIMORE EXHIBITS.

Jamestown Exposition Committee Decides to Raise Fund of \$25,000.

Special to The Washington Herald. Baltimore, Jan. 15.—The Baltimore City Jamestown Exposition Committee met in the mayor's office to-day, and it was decided after some minutes of debate to attempt the raising of a fund of \$25,000 for the purpose of providing for the Baltimore City exhibit and building at the Jamestown Exposition. It is estimated that this amount will be divided about as follows: For building and site, \$10,000; for miscellaneous expenses and entertainment, \$15,000. As to how this fund will be raised no definite plan has been accepted. An attempt will be made to have the mayor and city council donate an appropriate share of the sum total.

Will Exhibit "Smith" Rock.

Special to The Washington Herald.

Richmond, Va., Jan. 15.—The original rock to which Capt. John Smith was led to be executed, is to be displayed at the Jamestown Exposition by the Captain John Smith Company, just organized here. This stone, upon which the head of the illustrious colonist was laid, until recently rested on a mound of earth on the Powhatan estate, about a mile and a half below Richmond, and is said to have been accepted for generations as the genuine article.

Assailant's Case Postponed.

Special to The Washington Herald.

Richmond, Va., Jan. 15.—The case against George C. Andrews, charged with attempted assault, was called in the Henrico County Circuit Court, this morning, but, on account of the illness of a witness for the commonwealth, was postponed until March 22, when a special session of the court will be called to hear it.

Dr. Borton Dead.

Special to The Washington Herald.

Luray, Va., Jan. 15.—Dr. Theodore Borton, aged forty-five, died this morning at the home of his mother, Mrs. John K. Borton. His mother, one brother, Prof. J. Borton, of Dayton, Ohio, and two sisters survive him.

MAN IN DRESS BEATS NEGRO.

When Accosted on Street "She" Produces Big Stick.

Special to The Washington Herald. Richmond, Va., Jan. 15.—Chief Werner says there have been no reports made to him recently about white women having been accosted on the streets by negroes. He says that if such a state of affairs exists, the department will undertake to take care of the offenders. An officer will be detailed to cover the neighborhood complained of.

The chief says that a case was reported several years ago in which the offender got a very salutary lesson. On that occasion a brother of one of the girls insulted, dressed in his sister's clothing, and, heavily veiled, went upon the street. When the negro appeared and addressed him he gave the man a thrashing with a big stick concealed in his garments.

NEGRO DRIVER KILLS BOY.

Richmond Teamster Crushes Lad Against Tree Trunk.

Special to The Washington Herald. Richmond, Va., Jan. 15.—The preliminary hearing in the case of Otis Stevens, charged with having killed Philip Malloy, a small white boy, was heard before Justice Crutcher in police court, Stevens, a colored man, is employed as a driver by the Richmond Transfer Company, and in backing his wagon out of the alley in rear of the Academy of Music last Friday evening, ran the vehicle entirely across the street, and the boy was caught between a tree and the wagon gate and his breast crushed, resulting in his death.

Stevens was bailed in the sum of \$500 for his appearance before the grand jury of the Hustings Court at the February term.

DISLIKE NEW G. P. O. SYSTEM

Innovation Proposed for Next Month Not Indorsed by All.

There is already some discussion as to the personality of the new Chilean Ambassador. Many believe that Senor Walker-Matinez, who is now minister, although last summer he decided to retire from the diplomatic service, will be given a promotion. The Minister is now in Chile and has not been here since last spring.

Chile will be the second South American country to send an ambassador to the United States, Brazil having done so in 1905. When Brazil took this step it was expected that other Latin-American countries would do the same thing. This government was approached by Chile several weeks ago, and the State Department signified its willingness to receive an ambassador from Chile.

Causes Indignation.

Officials, however, are not overenthusiastic about the matter, as it means not only the creation of new offices by this government, at considerable expense, but it will mean having a lot of ambassadors in this country ranking with the men representing great powers, such as Germany, France, and England, from nations which have much less importance.

COST OF MAINTAINING INSANE.

Will Be Reported by Board of Charities to Commissioners.

The report of the Board of Charities relative to the cost of maintaining the insane, which was requested by the Commissioners some months ago, will be submitted within the next month. This information is desired by the Commissioners in order to determine whether it will be practicable to establish a separate institution for the care of the District insane who are now sent to the Government Hospital for the Insane. Accompanying the report of the Board of Charities will be statements from Dr. W. L. Robbins, Dr. J. C. Simpson, and Dr. W. H. Compton, relating to the alleged increase of insanity in the District, its remedy, if any, and the modern methods of care and treatment. Corporation Counsel E. H. Thomas has also been requested to prepare a statement showing the number of insane cases that have been treated in the District for the ten years ending June 30, 1905.

A personal report in reference to the prevalence of insanity in the District as compared with the States and Territories has already been submitted to the Commissioners. Dr. Robbins has also forwarded a statement on the prevalence of insanity, which are under consideration by the Commissioners.

TWO ROADS AS DEFENDANTS.

Complaints Filed by Solway Process Company with Commission.

The Solway Process Company, of Solway, Onondaga County, N. Y., yesterday filed two complaints with the Interstate Commerce Commission, naming the New York Central and Hudson River Railroad and the Delaware, Lackawanna and Western, respectively, as defendants.

The process company, in its complaint, recites that it is a manufacturing plant, producing soda compounds, and in the course of its business it owns and operates certain railroad equipment used for the purpose of conveying loaded cars to the tracks of the defendant carriers. For this service, the process company believes a switching charge of \$3 per car should be paid by the railroads. The latter have refused to pay the process company has appealed to the commission to make an order requiring its payment.

F. J. KREIG TO GET PERMIT.

Commissioners Decide in Favor of His Carriage Repository.

Engineer Commissioner Biddle yesterday recommended that a building permit be granted for the erection of a carriage repository at 224 M street northwest, concerning which there was a hearing Saturday last, he granted to F. J. Kreig.

MARRIAGE LICENSES.

Special to The Washington Herald.

Heller, 31, Boston Heights, Va., Rev. William F. Locke. Rev. Edward M. Matt. Frank Humphries, 21, and Harriet Garner, 21, both of Frederickburg, Va., Rev. J. B. McLaughlin. Alfonso Amanna, 21, and Florence Payne, 18, Rev. William J. Carroll. Thomas C. Koller, 47, Anacostia, Md., and Christina A. Dunn, 18, 710 1/2 st. ne. 70 years. Rev. William F. Locke. Rev. William F. Locke. Rev. William F. Locke.

Flour Mill Destroyed.

Special to The Washington Herald.

Snow Hill, Md., Jan. 15.—The large stone flour mill which the G. H. Hanley purchased from H. D. Adams, at Berlin, just before Christmas, \$35,000, was destroyed by fire about 2 o'clock this morning. There was \$10,000 insurance.

Buckett Is to Wed Soon.

Special to The Washington Herald.

Greensboro, N. C., Jan. 15.—Invitations were issued to-day for the marriage of Congressman-elect Richard W. Buckett, of the Eighth district, to Miss Lois Long, of Statesville, N. C. The marriage is to take place in January 21. Miss Long is a daughter of Judge B. F. Long, of the Superior Court.

RAISED TO EMBASSY

Chile Decides to Elevate Legation at Washington.

CREATES SOME INDIGNATION

Means Forming of New Offices by This Government, at Considerable Expense, and Lot of Ambassadors Ranking with Men Representing Nations of Much Less Importance.

Advices to the State Department from Mr. Hicks, the American Minister at Santiago, say that the Chilean Senate has unanimously passed the government bill creating an embassy to the United States. It is taken here that Chile will soon send an Ambassador to Washington, and as soon as she declares her intention to do so the United States government must raise its legation in Santiago to an embassy.

But the results of the action by the Chilean Congress will not stop there, for it is certain that sooner or later Argentina will take the same course. It is a mad race the nations of South America are engaged in to keep up their standing in Washington, and diplomats regard it as certain that Argentina will not be long in declaring her intention to raise the rank of her mission here to that of an embassy.

May Be Walker-Matinez. There is already some discussion as to the personality of the new Chilean Ambassador. Many believe that Senor Walker-Matinez, who is now minister, although last summer he decided to retire from the diplomatic service, will be given a promotion. The Minister is now in Chile and has not been here since last spring.

Chile will be the second South American country to send an ambassador to the United States, Brazil having done so in 1905.
